

NESPRESSO

The coffee company debuts the Master Origin collection, comprising five new single origin coffee capsules made in collaboration with local craftsmen from Colombia, Ethiopia, Indonesia, Nicaragua and India, each highlighting unique flavours. Ethiopian beans, for instance, went through hourly hand-raking to ensure even drying; Colombian cherries, meanwhile, were only picked at the right shade of purple; Indonesian farmers employed a uniquely local wet-hulling method; Nicaragua left the beans to dry within their natural fruit layer; and Indian beans boast high moisture levels from being at sea for long hours.

这家咖啡公司推出全新 Master Origin「工艺之源」系列，带来五款单一产源咖啡。新系列与哥伦比亚、埃塞俄比亚、印尼、尼加拉瓜和印度的当地咖啡工匠携手研创，每款都突出与别不同的咖啡香气及风味。在埃塞俄比亚，咖啡豆会在日晒期间每小时以人手细心翻豆，确保咖啡豆能平均晒干。在哥伦比亚，农民待咖啡果实完全成熟成完美的深紫色调才进行采摘。在印尼，咖啡农会使用最地道的传统湿刨法。尼加拉瓜会保留咖啡果实的果胶层，包住咖啡豆作天然晒干。印度咖啡豆长时间受高湿度的海风及季候风吹拂，咖啡豆会自然胀大并呈现独一无二的风味。
